Subject: Request for nomination of MLCs for workshop on 'Job Creation in India'

Dear Hon'ble Speaker,

PRS Legislative Research is organising a two-day national workshop on 'Job Creation in India' for legislators across states. We request you to nominate Hon'ble MLCs from your legislature for the workshop to be held at the NIPFP (National Institute of Public Finance and Policy) campus in Delhi on September 18-19, 2018.

Providing employment opportunities and adequate source of income is a challenge for governments at the Union and State levels. Several factors are key to addressing the issue of employment in India. Some of these include quality of education, status of skill development, patterns of employment in various sectors among others. The workshop will be useful for members to understand these subjects in detail from the government, policy experts in this sector and academia.

PRS has anchored several workshops for legislators in the past. In 2016, the workshop on 'Infrastructure in States' was addressed by then Union Minister M. Venkaiah Naidu. In 2017, the Union Minister of State for Health, Anupriya Patel, former Health Secretary K Sujata Rao had engaged with members from 15 states in attendance. Similarly, we have hosted workshops with premier academic institutions such as IIM Bangalore, ISB Hyderabad on Mastering the Budget, India Leadership Workshop among others.

Legislators are not required to pay any fee to attend the workshop. A brochure, along with the registration form is attached. I request your office to send the registration form of the nominated members by e-mail or post.

Registration Deadline: September 12, 2018 (Wednesday)

For further information, I am available at abhijit@prsindia.org or +91-9969871772. We look forward to hearing from you.

Participants are required to make their own arrangements for travel and accommodation. The medium of interaction will be primarily English. Personal staff and family members are not allowed to attend the sessions.

Warm regards,

Abhijit Banare
