...Respondents

(by Shri E.S. Indires, AGA for R1;  
Shri Nagaiah, Advocate for R2;)

This Writ Petition is filed under Articles 226 and 227 of the Constitution of India praying to hold the petitioner as regularly recruited teachers during no rule period and is entitled to be continued in service till the age of superannuation; etc.

This Writ petition coming on for hearing this day, the Court made the following:

### ORDER

The petitioner applied for the post of Mathematics teacher and he satisfied the requisite qualification as per Notification to the said post. The candidature of the petitioner has been rejected on the ground that he was over-aged. The non-selection of the petitioner on the ground of age barred, is the subject matter in this petition.

(33)

2. The learned counsel for the petitioner submits that the petitioner was entitled for service benefit since he has served with the respondent since 07<sup>th</sup> August 2007 and since he has served for four years, he is entitled for service weightage of 20 marks; and if that is extended, the percentage of marks secured would be 63.10 and if that is taken, the petitioner gets entitled for selection to the said post.

3. The learned counsel for the second respondent submits to dismiss the petition. He submits that the petitioner's case has been rejected on the ground of over-age which is the requisite qualification as per the Notification to submit the application. It is further clarified that on the date of Notification, whoever comes within such qualification, their cases have been considered and for the purpose of age relaxation, as per the Notification, it was extended only to the persons who are appointed on direct recruitment. The petitioner, initially, was not appointed by respondent, much less, also on contract basis. It is an undisputed fact that the petitioner was appointed through out-sourcing. Hence, he is not entitled for such relaxation of

330

service weightage. The learned counsel relied upon the judgment of this Court in Writ Appeal No.5866-6258 of 2012 disposed of on 28<sup>th</sup> February 2013 and drew my attention to paragraph 4 of the judgment.

4. Heard the learned counsel for the parties. The straight question that arise for consideration is what could be the age as per the Notification. The relevant part of the 'Note' with regard to age limit as per Notification is extracted here below:

*"Note.- Age Limit: Maximum age limit for posts from serial number 23 to 31 is for Scheduled Castes, Scheduled Tribes and Category-I of backward classes is 45 years. For IIA, IIB, IIIA, IIIB of other Backward Classes is 43 years and for General - 40 years.*

*Provided that in respect of candidates who are working in the posts at serial number 23, 24, 25, 26, 27, 28, 29, 30, 31 in column (2) of this schedule in Morarji Desai Residential Schools on contract basis and are appointed by the Karnataka Residential Education Institutions Society, the maximum age limit shall be relaxed by one year for each completed years of service."*

5. As per the said Notification, the candidates who are working in Morarji Desai Residential Schools on contract basis and are appointed by the Karnataka Residential Education Institutions Society, the maximum age limit shall be relaxed by one year for each completed years of service. Stressing this, the learned counsel for the respondent submits that the age relaxation benefit would be extended for the persons who are appointed directly by the respondent even on contract basis. But the petitioner is appointed by out-sourcing agency and this aspect for the purpose of extension of service weightage was concluded by this Court in Writ Petitions No.20204-20364 of 2011 and connected matters and it has been held that the service benefit is to be extended with maximum classification where they are appointed directly and not through out-sourcing. If that analogy is operated for the present person, it is needless to state that the candidates situated like the petitioner who worked for the respondent through out-sourcing agency are not entitled for the service benefit of relaxation of one year for each completed year of service. Article 14 of the Constitution forbids any such classification. The petitioner who had undisputedly

328

served the respondent has to be extended the benefit of service benefit by relaxing one year for each completed year of service. What is required is whether the persons situated like the petitioner who have served for respondent are to be considered for the purpose of extension of service weightage. The said question is covered in the Writ Petition referred supra. No matter whether they are serving the respondent through direct recruitment; or on contract basis; or through out-sourcing, their services have been extracted by the respondents. Under these circumstances, they cannot be edged out on the ground that their appointment is through out-sourcing. The notification is very clear that in respect of candidates who have served in Morarji Desai Residential Schools on contract basis and are appointed by the Karnataka Residential Education Institutions Society, the maximum age limit shall be relaxed by one year for each completed year of service, then it is not open for the respondents to make such classification. The relaxation is extendable to all even if the applicants are serving the respondents through out-sourcing agency. If that discrimination done, persons who are discharging their services to the

respondent through out-sourcing agency will be deprived of getting appointed for a certain period or for their entire life itself because of being age-barred. Under the circumstance, I hold that the petition is entitled for consideration of age relaxation. In view of the discussion made above, the respondents are directed to consider to relax the age and by giving service benefit as regards petitioner is concerned. Time for compliance is three months from today. In terms of the above, petition stands disposed of.
