(iii) contaminants in food;

- (iv) residues of various contaminants;
- (v) identification of emerging risks; and
- (vi) introduction of rapid alert system;

(c) promote, co-ordinate and issue guidelines for the development of risk assessment methodologies and monitor and conduct and forward messages on the health and nutritional risks of food to the Central Government, State Governments and Commissioners of Food Safety;

(d) provide scientific and technical advice and assistance to the Central Government and the State Governments in implementation of crisis management procedures with regard to food safety and to draw up a general plan for crisis management and work in close co-operation with the crisis unit set up by the Central Government in this regard;

(e) establish a system of network of organisations with the aim to facilitate a scientific co-operation framework by the co-ordination of activities, the exchange of information, the development and implementation of joint projects, the exchange of expertise and best practices in the fields within the Food Authority's responsibility;

(f) provide scientific and technical assistance to the Central Government and the State Governments for improving co-operation with international organisations;

(g) take all such steps to ensure that the public, consumers, interested parties and all levels of panchayats receive rapid, reliable, objective and comprehensive information through appropriate methods and means;

(h) provide, whether within or outside their area, training programmes in food safety and standards for persons who are or intend to become involved in food businesses, whether as food business operators or employees or otherwise;

(i) undertake any other task assigned to it by the Central Government to carry out the objects of this Act;

(j) contribute to the development of international technical standards for food, sanitary and phyto-sanitary standards;

(k) contribute, where relevant and appropriate to the development of agreement on recognition of the equivalence of specific food related measures;

(l) promote co-ordination of work on food standards undertaken by international governmental and nongovernmental organisations;

(m) promote consistency between international technical standards and domestic food standards while ensuring that the level of protection adopted in the country is not reduced; and

(n) promote general awareness as to food safety and food standards.

(4) The Food Authority shall make it public without undue delay –

(a) the opinions of the Scientific Committee and the Scientific Panel immediately after adoption;

(b) the annual declarations of interest made by members of the Food Authority, the Chief Executive Officer, members of the Advisory Committee and members of the Scientific Committee and Scientific Panel, as well as the declarations of interest if any, made in relation to items on the agendas of meetings;

(c) the results of its scientific studies; and

(d) the annual report of its activities;

(5) The Food Authority may from time to time give such directions, on matters relating to food safety and standards, to the Commissioner of Food Safety, who shall be bound by such directions while exercising his powers under this Act;

(6) The Food Authority shall not disclose or cause to be disclosed to third parties confidential information that it receives for which confidential treatment has been requested and has been acceded, except for information which must be made public if circumstances so require, in order to protect public health.

17. Proceedings of Food Authority.

(1) The Food Authority shall meet at the head office or any of its offices at such time as the Chairperson may direct, and shall observe such rules of procedure in regard to the transaction of business at its meetings (including the quorum at its meetings) as may be specified by regulations.

(2) If the Chairperson is unable to attend a meeting of the Food Authority, any other Member nominated by the Chairperson in this behalf and, in the absence of such nomination

or where there is no Chairperson, any Member chosen by the Members present from amongst themselves, shall preside at the meeting.

(3) All questions which come up before any meeting of the Food Authority shall be decided by a majority of votes of the Members present and voting, and in the event of an equality of votes, the Chairperson or the person presiding over the meeting shall have the right to exercise a second or casting vote.

(4) All orders and decisions of the Food Authority shall be authenticated by the Chief Executive Officer.

(5) The Chief Executive Officer shall take part in the meetings of the Food Authority but without a right to vote.

(6) The Food Authority may invite the Chairperson of the Scientific Committee to attend its meetings but without a right to vote.

(7) No act or proceedings of the Food Authority shall be questioned or invalidated merely on the ground of existence of any vacancy or defect in the constitution of Food Authority

CHAPTER III GENERAL PRINCIPLES OF FOOD SAFETY

18. General principles to be followed in Administration of Act.

The Central Government, the State Governments, the Food Authority and other agencies, as the case may be, while implementing the provisions of this Act shall be guided by the following principles namely:-

- (1) (a) endeavour to achieve an appropriate level of protection of human life and health and the protection of consumer's interests, including fair practices in all kinds of food trade with reference to food safety standards and practices;
- (b) carry out risk management which shall include taking into account the results of risk assessment and other factors which in the opinion of the Food Authority are relevant to the matter under consideration and where the conditions are relevant, in order to achieve the general objectives of regulations;
- (c) where in any specific circumstances, on the basis of assessment of available information, the possibility of harmful effects on health is identified but scientific uncertainty persists, provisional risk management measures necessary to ensure appropriate level of health protection may be adopted.
