FOREST, ECOLOGY AND ENVIRONMENT SECRETARIAT

Subject:- Constitution of District, Divisional and State Level Committees for verification and finalisation of village and survey number wise extent of deemed forest areas in the State – reg.

READ:- 1. Government Order No. FEE 2 FFM 1997, dated: 10.01.1997.

2. Government Order No. FEE 270 FGL 2002, dated: 25.09.2002.

PREAMBLE:

The Forest (Conservation) Act, 1980 (Central Act) is enacted to conserve the dwindling forest resources in the country. Section (2) of Forest (Conservation) Act, 1980 puts some restrictions on the de-reservation of forest or use of forest land for non-forest activities .

2. The Hon'ble Supreme Court of India in WP (Civil) 202/1995 (Godavarman Thirumulpad vs Union of India & others) has defined the scope of 'forest' and "forest land" as mentioned in the Forest (Conservation) Act, 1980 vide its order dated 12/12/1996 as under:

" it has emerged at the hearing, that there is a misconception in certain quarters about the true scope of Forest (Conservation) ACT- 1980 (for short the 'Act') and the meaning of the word 'forest' used therein. There is also a resulting misconception about the need of prior approval of the Central Government, as required by Section 2 of the Act in respect of certain activities in the forest area which are more often of a commercial nature: It is necessary to clarify that position.

The Forest Conservation Act, 1980 was enacted with a view to check further deforestation which ultimately results in ecological imbalance: and therefore the provisions made therein for the conservation of forests and for matters connected therewith must apply to all forests irrespective of the nature of ownership or classification thereof. The word 'Forest' must be understood according to its dictionary meaning. This description covers all statutorily recognised forests, whether designated as reserved, protected or otherwise for the purpose of Section 2(1) of the Forest Conservation Act. The term 'forest land', occurring in Section 2, will not only include "forest" as understood in the dictionary sense, but also any area recorded as 'forest' in the Government record irrespective of the ownership. This is how it has to be understood for the purpose of Section 2 of the Act. The provisions enacted in the Forest Conservation Act-1980 for the conservation of forests and the matters connected therewith must apply clearly to all forests so understood irrespective of the ownership or classification thereof".

The Hon'ble Supreme Court further ordered that

"Each State Government should constitute within one month an Expert Committee to:

- i. identify areas which are forests irrespective of whether they are so notified, recognised or classified under any law and irrespective of the ownership of the land of such forest;
- ii. identify areas which were earlier forests but stand degraded, denuded or cleared; and
- iii. identify areas covered by plantation trees belonging to the Government and those belonging to private persons"

3. The Government of Karnataka has constituted Expert Committee-I, as per the directions of the Hon'ble Supreme Court vide its Order No. FEE 2 FFM 97, dated 10-01-1997 read at (1) above with a mandate to study and submit a report as per the direction of the Apex Court dated 12.12.1996. Accordingly, the Expert Committee-I submitted its report to Government on 02/04/1997.

4. After examining the report of Expert Committee-I, Government of Karnataka has filed an Affidavit before Hon'ble Supreme Court on 05/04/1997 read with Affidavit dated 25.09.1997 based on the recommendations of the Expert Committee-I.

5. In the Affidavit it is stated that the survey and demarcation of areas identified as 'forest' under the control of the forest department is complete and however in respect of the additional area identified as a "forest", the listing of the areas, survey number wise, village, taluk and district-wise need to be undertaken. Hence, in the affidavit, request was made for one year time to consolidate the additional forest areas (other than statutory forests) identified (survey number, village, taluk and district-wise).

7. The Central Empowered Committee (CEC) of the Supreme Court of India observed that no action has been taken as per the Affidavit filed by Government of Karnataka even though the State Government had undertaken to complete the work of compiling detailed information of forests within one year of filing the affidavit. The CEC has recorded that on the basis of the affidavit filed by the State Government indicating 46.32.615 Ha of 'forest' in the State, further classification of this extent (a) Notified forest area as per Government Records (b) Deemed forests (other than (a)). The 'Deemed forests' should be further categorised survey number, village and district-wise. The 'Deemed forests' may be the part of the private forest, thickly wooded area on Government land which are not notified as 'forests' and others.

8. In view of this observation of CEC, the Government vide its Order No. FEE 270, FGL 2002 dated 25/09/2002 read at (2) above, has reconstituted the Expert Committee-I to submit a report within two months.

9. The Revised Expert Committee-I has categorised the "forests" into 'Notified forests' (33,23.854 Ha) and Deemed forests (9,94,881 Ha) with a total area of 43,18,735 Ha. It has excluded strip plantations, roadside plantations, Canal bank plantations from the list of 'deemed forests'. The details of the 'Notified Forests' and 'Deemed Forests' classified by the Committee are shown in the Annexure to this Government Order.

10. The Government of Karnataka has now, decided to have a relook on the report of the Revised Expert Committee-I since some of the "Statutory forests" were categorised as "deemed forests". In other cases, where areas have been categorised according to "dictionary definition", it is not based on a well defined pre-determined field criteria that can be applied and verified in field. This has resulted in subjective classification of areas into 'deemed forests'. This has also led to serious differences with other Government Departments particularly Revenue, Irrigation, PWD and Energy Department that the area without any tree growth have been classified as 'deemed forests', particularly in case of C&D class lands handed over to forest department by the Revenue Department, consequently making the areas subject to Forest Conservation Act, 1980 for diverting them to non-forestry purposes and made the following observations:-

- a) Areas 'proposed for notification under Section 4 of Karnataka Forest Act, 1963' are included in 'deemed forest'. Out of this, only areas that can be called as 'forests' by dictionary definition of forest (by applying the field criteria) only have to be considered
- b) Amrit Mahal kaval lands are assigned as grazing lands for Amrit mahal breed of cattle owned by Government even from the time of Tipu Sultan and are not 'District Forest' as per the definition, though rules for management of district forests are made applicable to these kavals. Hence, Amrit mahal kavals, which have tree growth as per dictionary definition of forest, only are to be included as "forests";
- c) Bane, Kumki lands are "forest lands" where certain privileges are allowed under sub-section (2) of Section 79 of Karnataka Land Revenue Act. Rules for management of Kumki Lands were all through notified under the Madras Forest Act. Coorg revenue Manual & Karnataka Revenue survey Manual defines Bane lands as "Forest land (emphasis supplied) granted for the service of the holding of wetland, to be held free of revenue by the cultivator for grazing and to supply leaf manure, firewood and timber required for the agricultural and domestic purposes of the cultivator, so long as he continues in possession of the wetland";
- d) Paisari lands are "all wasteland and forest lands which are declared to be the property of Government and which have been not notified as protected forest or as forest reserved" as per the Karnataka Revenue Survey Manual. Hence, out of paisari lands, forest paisari lands (emphasis supplied) are forest lands (based on revenue settlement entries RTC entries);
- e) All the areas in categories 10,11,13,15,16,17 to 23 of Reconstituted Expert Committee-I Report (refer annexure) needs review based on a pre-determined criteria for classification, for inclusion of these areas as forests by dictionary definition of 'forest', as they do not fall into either 'statutory forests' or 'forests as per Govt., records'.
- f) Only block plantations on Govt., lands which can be called as "forest" as per the set pre-determined criteria based on dictionary definition of 'forest', shall be included as "forests" and hence, strip, roadside, school, canal bank, institutional plantations are to be excluded from categorisation as 'deemed forests'.

11. In the light of the directions of Apex Court vide its order dated 12/12/1996 to have more clarity on the issue of identification of forest in Karnataka state, the whole issue may be dealt as follows.

- a) Statutorily recognised 'forests' ('Notified Forests' in CEC criteria): The detail of the statutorily recognised 'forests' in the State of Karnataka are follows:
