PROCEEDINGS OF THE GOVERNMENT OF KARNATAKA

Sub: Approval for allotment of land by Karnataka Industrial Areas Development Board on 99 years lease basis - Regarding.

Ref: 1. Government Order No: CI 358 SPQ 2009, dated 13.05.2010
2. Letter No: KIADB/ 1104/ 2014-15, dated 03.05.2014

Preamble:

Karnataka Industrial Areas Development Board which is constituted under the Karnataka Industrial Area Development Act, 1966, for the purpose of establishing industrial areas and encouraging establishment of industries in a planned manner, is performing the work of acquiring lands, for industrial use and other projects approved by competent Committees.

Under Section-14 of KIADB Act, 1966 and under Section-5 of Karnataka Industrial Areas Development Board Regulations 1966, the Board has power to acquire and hold such property, both movable and immovable including buildings, as it may deem necessary, for the performance of any of its activities and allot the property on lease or sale or lease-cum-sale basis to industries.

Government vide Order NO: CI 358 SPQ 2009 dated 13.05.2010 provided for the lease period of ten years for the purpose of execution of sale deed for all allotments including single unit complexes. Accordingly, the lease-cum-sale agreement was suitably amended

It has come to the notice of the Government that the units after executing sale deeds, were further selling the industrial plots for purposes other than industries as they possessed free hold rights of the property. This type of transactions has been leading to loss of industrial lands and the purpose for which the lands were being acquired was defeated.

The issue was discussed in the KIAD Board and a resolution was passed in the Board on 21.12.2013 to request the Government to permit allotment of land on 30 years lease basis instead of the existing procedure of lease-cum-sale basis.

Representations were received from industrialists and trade associations / bodies against the 30 years lease period policy expressing the difficulties being faced in obtaining financial assistances from the financial institutions. It was also represented that 30 years lease period was too short for recovering large investments made by them in the industry.

In this context, the land allotment policy of neighbouring States such as Tamil Nadu, Maharashtra, Pondicherry and Gujarat were studied, where the system was functioning well with 99 years lease.

KIAD Board deliberated on the issue again in its Board meeting held on 22.05.2014 and resolved to request Government for permission to allot land on 99 years lease period.

After considering all the facts, examining the recommendations of KIADB, requests of industrialists / trade bodies and practices being followed in neighboring States, the Government now proposes allotment of lands by KIADB on lease basis for a period of 99 years.

Hence the following order:-
