Our responsibilities under those Standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of

the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion :

- a) *A sum of **Rs.16,33,093** has been debited to the profit and loss account (Refer note 24-other expenses) being the provision made for expenditure on corporate social responsibility. Section 8 of Guidance Note on accounting for expenditure on CSR activity issued by ICAI stipulates that no provision for CSR expenditure is required to be made in the financial statement for the amount that is not spent on CSR during the reporting period. Hence, the aforesaid provision of **Rs16,33,093/-** has resulted in the overstatement of expenses and consequent understatement of profit by **Rs.16,33,093/-***
- b) *The Company's trade receivables include **Rs 46,13,788.-** (As at March 2018–Rs 43,72,954/-) which are older than 3 year i.e., beyond the recovery period prescribed under the Limitation Act, 1963 and in our opinion may not recover. However suitable provision is not made in the accounts. The net profit &the trade receivables respectively are overstated to this extent. (Refer note 26(xxii)(j) – **Other Additional Notes/Information**)*
- c) *The Company's advances includes **Rs 11,71,370/-**(As at March 2018-Rs.11,71,127/-) which is outstanding for more than 3 years. A recovery suit has been filed by the company. However in our opinion the amount is doubtful of recovery. The Company has not made any provision against the doubtful amount due to the company. The net profit & the advances respectively are overstated to this extent.(Refer note 26 (xxii) (k) - **Other Additional Notes/Information**).*
- d) *The Company has not reviewed the carrying amounts of its Fixed Assets and has not recognized impairment loss, if any, arising out of such review as required under AS-28-Impairment of Assets. However, pending identification of such losses, we are unable to quantify the impact thereof on the financial Statements.*
- e) *The Company has charged depreciation for full year on the fixed assets acquired during the year. Consequently depreciation is charged higher by **Rs 52,139/-**(As at March 2018-Rs.18,397/-) and the profit & the fixed assets respectively are understated to this extent(Refer Note 2 of Significant Accounting Policies (Property, Plant &Equipment). The accounting policy is not in consonance with Schedule II, Companies Act, 2013.*

- f) *The aggregate net impact of qualifications of Para (a) (b) (c) & (e) on the profit is that the profit is overstated by **Rs 40,99.926/-**.*
- g) *The company has accounted a net gain of foreign currency transaction of **Rs 1,19,26,800/-** as other income during the year 2018-19. As per AS 3 Para 25 - Cash Flow statements “Cash flows arising from transactions in a foreign currency should be recorded in enterprise’s reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the cash flow. However, while preparing the cash flow statement, the effect of net gain of foreign currency transaction of **Rs 1,19,26,800** has not been reported as required by AS - 3 Para 25 Cash Flow Statement issued by Institute of Chartered Accountant’s of India. To this extent the cash flow statement is not in order. The above disclosure has no impact on the cash flow statement.*

“Annexure A” to the Independent Auditors’ Report

As part of an audit in accordance with Standards on Auditing (SAs), we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. U/s 143(3)(i) of Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management’s use of going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast a significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors’ report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.

“Annexure C” to the Independent Auditors’ Report

The Annexure Referred to in paragraph 2(f) under the heading “Report on Other Legal and Regulatory Requirements” of Independent Auditors’ Report of even date to the members of Mysore Paints and Varnish Limited on the financial statements for the year ended 31 March 2019.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Mysore Paints & Varnish Ltd (“the Company”) as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control as stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject

to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Intangible assets are amortized over the period of 10 years.

Intangible Asset

Such assets including application software (other than operating software which is capitalized as a part of relevant asset) acquired/purchased/developed for use in software development and services is carried as an intangible asset in terms of Accounting Standard 26 issued by the Institute of Chartered Accountants of India.

Intangible assets are carried at cost less accumulated amortization and impairment losses, if any. Subsequent expenditure on an intangible asset after its purchase / completion is recognized as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of the asset.

Investments

Long Term Investments are stated at cost. Provision for diminution in value will be made if the decline in value is other than temporary.

Inventories

Inventories are valued at the lower of cost or the net realizable value after providing for obsolescence and other losses, where considered necessary. Cost is ascertained on FIFO basis.

Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty. Silver ingots are valued at net realizable value.

Inventories are valued as per Accounting standard 2 [AS 2] "Valuation of inventories", issued by ICAI.

- a) Raw materials & stores and spares are valued at cost comprising of purchase price, freight and handling, taxes, duties and other attributable costs, net of CENVAT, VAT & GST credit.
- b) Work in progress is valued at raw material cost plus conversion costs as applicable or net realizable value, whichever is lower.
- c) Finished products are valued at lower of cost or net realizable value.

Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Income Taxes

Tax expense comprises of both current and deferred taxes. Current Tax is provided on the taxable income using the applicable tax rates and tax laws. Deferred tax assets and liabilities arising on account of timing difference and which are capable of reversal in subsequent periods are recognised using the tax rates and tax laws that have been enacted or substantively enacted.

Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only when there is a virtual certainty of realization of such assets. The carrying amount of deferred tax assets are

reviewed as at each balance sheet date and written down or, written up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realized.

Retirement & other employee benefits

Short term employee benefits are accounted in the period during which the services have been rendered.

Eligible employees receive benefits from provident fund, superannuation fund, employee state insurance and other funds which are defined contribution plans. Both the eligible employee and the company make monthly contributions to the respective government administered funds equal to the specified percentage of the covered employee's salary. The company has no further obligation beyond its monthly contributions.

Gratuity - The Company has created a trust and has taken a group gratuity policy with the Life Insurance Corporation of India for future payment of retiring employee's gratuities. The premium thereon has been so adjusted as to cover the liability in respect of all employees at the end of their future anticipated service with the Company, as per the actuarial valuation computed by LIC of India.

Leave Encashment - The liability arising on account of leave encashment benefit is computed and provided of individual employees, subject to the maximum of one hundred forty days on actuarial basis as per AS 15.

Foreign Currency Transactions

The Company is exposed to currency fluctuations on foreign currency transactions. Transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date of transactions.

Exchange differences arising on foreign exchange transactions settled during the year are recognised in the profit and loss statement of the year.

Customs Duty

Customs Duty has been accounted for on the basis of both payments made in respect of goods cleared as well as provision made for goods lying in bonded warehouse. Such provision is included in the valuation of closing stocks of respective materials and goods.

Borrowing costs

Interest and other borrowing costs attributable to the acquisition of or construction of qualifying assets till the date of commercial use of the assets are capitalised. All other borrowing costs are charged to revenue.

Leases

Company as a lessee

Assets acquired under leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. In respect of operating lease, rentals and all other expenses are treated as revenue expenditure. Operating lease payments are recognized as expenses in the statement of profit and loss account on a straight line basis over the lease term.

Company as a lessor

Lease income from operating leases should be recognised in the statement of profit and loss on a straight line basis over the lease term, unless another systematic basis is more representative of the time pattern in which benefit derived from the use of the leased asset is diminished.

Impairment of tangible assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is greater of asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

Earnings Per Share (EPS)

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to the equity shareholders by the weighted average number of shares outstanding during the year.

Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Provisions and Contingent Liabilities

The Company recognises a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.
