The crest of the University contains the motto in Sanskrit, "Jnanam Vijnanasahitham" (Yagnatva Mokshasesshumbhat - Bhagavad Gita *IX.I*) which when freely translated would mean that "Knowledge together with the knowledge of the supreme, releases one from all evils".

At the heart of the crest is the lamp of knowledge. The surrounding atomic configuration signifies science. The ears of corn stand for prosperity. The tower on the top is the Kempe Gowda Tower and signifies that the city of Bangalore was founded by Kempe Gowda in 1537.

In spite of the all activities, the Directorate of Physical Education, Bangalore University is conducting regular coaching camps in different disciplines and summer coaching camps for upcoming University Players with added fitness program for Bangalore University Sports men & women.

A Special feature introduced by the University for the benefit of sportspersons is to allow them to take a special examination, when they are missed the regular examination due to participation in International Sport events or when they represent nation during the period of regular examination conducted by the University. It is first of its kind in the State of Karnataka and this has added the feather & motivation to upcoming sports persons for their achievements in their respective field of sports.

All these achievements in the field of sports and games were possible because of the encouragement given by our Bangalore University authorities, Hon'ble Vice Chancellor, Respected Registrar, Finance Officer, Syndicate Members, Academic Council Members, and Sports Board Members of Bangalore University. The Bangalore University, Bangalore authorities increased cash award money to winners and the hard work put up by our Physical Education fraternity and coaches has gone a long way in the achievements of sports awards. But the final credit goes to the sports men & women of our University.
